

THE BRIDGE STUDY ABROAD AND INTERNSHIP PROGRAM

“London seduces the masses with its unparalleled ability to be all things to all people”

---Time Out Guide (London)

The Bridge offers you our unique Study Abroad and Internship Program that helps you make your dreams a reality. Our global expertise in the field of education, and our industry wide network of specialists will ensure that you are fully equipped with our partner universities abroad.

The Bridge provides you career counseling and consultancy to find the best suited educational institution

for you. Our overseas work placement partners ensures that you will get a stable job to help you sustain yourself while abroad.

This is a one of a kind opportunity for you to be able to go abroad at the least possible time.

Whatever the situation is, The Bridge will always find ways to make you go further.

LONDON: FACT SHEET

Studying in London is a truly unforgettable experience for any international student. The world famous city's population is at 7 Million, 350,000 of which are students and many of whom are from outside the United Kingdom.

Our partner colleges and universities are situated at the center of the global

economic hub. This means that not only are your courses up-to-date with the latest industry, we are also in a good position to assist students with work placements and career advice. There are also many part-time work opportunities in London for those students wishing to further supplement their income while studying.

BENEFITS OF STUDYING IN THE UNITED KINGDOM

1 to 4 years in the U.K. working and learning full time for 15 hours per week with a full time income of between PHP 500 - 600 per hour. (PHP 1,040,000 to 1,248,000 annually).

Gain international education, international experience, and international connections.

Opportunity of transferring to a work permit once you hold a UK Degree or extend your study course further should you wish to do so.

Crucial work experience to help with new UK Points System and UK Border and Immigration Agency requirements.

Possibility of overtime or experience in a completely different work environment not connected with your forty hours of study placement.

Spouse can work full time for the period of their partner's student visa and can bring children under the age of 18 years with free schooling and medical benefits.

Massive student discounts on travel, entertainment, food, etc.

Possible sponsorship help from some study placement organizations reducing your fees.

Free public services and health care through your National Insurance (NI) Contributions.

Constant support from the University via assessors and tutors, plus on-line library and faculty link.

Initial 3 to 6 months period of work placement vocational experience and orientation with limited study until you commence the full induction program.

Proof of sponsorship only, no requirement for sponsors to actually provide funds.

UK salary can be included as part of your support money reducing the amount of money needed to be provided by you or your family.

Full support in your visa application.

Contract of employment gives you the same benefits as existing UK workers.

Automatic inclusion in the British Government Pension Scheme through NI payments effective once you have completed 5 years in the UK and payable anywhere in the world after the age of 65, and worth about PHP 25,000 per month.

Nurses can obtain their PIN in the third year or before by undertaking the Overseas Nursing Program. This is because UK degree holders will be able under the graduate placement scheme, extend their student visa for two extra years and continue working as this is considered as gaining valuable work experience.

Open yourself to the world today. Let us help you explore and make the most of its possibilities.

We'll take you there!
